PROGRAM NOTES

The British composer, Ralph Vaughan Williams, was born in 1872 and died in 1958 at the age of 86. He enjoyed one of the longest and most successful creative careers in music history. As a member of the English Folk-Song Society, Vaughan Williams often went into the country to collect native folk music in its purest state. He felt very strongly that the rapid industrialization of the British Isles would result in the loss of these folk songs unless they were written down and introduced to a new generation. As a result, much of his writing was based on his study of folk songs creating a legacy in sound that characterizes British music.

The “Wassail Song of Gloucestershire” was one of the folk songs that Vaughan Williams chose to preserve through his writing. Capturing the spirit of the holiday season, he created a work for SATB choir based upon this song from his native land. Wassail is a centuries-old English ceremonial drink made of apple cider. The word “wassail” is Saxon in origin and translates to “good health” during the annual celebratory toast.

Robert W. Smith, in tribute to the great composer, has crafted a setting for concert band of the Wassail Song in the style of Vaughan Williams. Beginning with a lively solo statement of the melody, the clarinet choir introduces the song in its original form. Using Vaughan Williams as the inspiration, the melody is explored and restated in multiple variations using the various timbral colors of the concert band.

WASSAIL was commissioned by Marcia Zoffuto and the Coyle Middle School Band of Rowlett, Texas. The band premiered the setting in the spring of 2005. In November of the same year, the band performed WASSAIL at the Western International Band Clinic in Seattle, Washington, under the baton of Mr. Smith.

NOTES TO THE CONDUCTOR

The introductory solo was originally scored for alto saxophone. However, it has been liberally cross-cued to allow multiple-performance options.

The clarinet choir statement of the full melody should be as legato as possible with care given to the shaping of the line.

Please note that the tempo in both the opening solo, measure 26, can be interpreted across a wide range. At measure 26, I prefer 72 b.p.m. or even a bit faster if possible. Please feel free to adjust the tempo within the notated range to suit your particular performance situation.

Please adjust the dynamic marking of the euphonium at bar 26 to ensure clarity and balance. Each subsequent variation should be increasingly joyous, leading to a majestic, yet elegant rallentando in the final measures.

I would like to offer my sincere thanks to Marcia Zoffuto for her role in the creation of this piece. I was fortunate enough to hear the Coyle Middle School Band at the Midwest Clinic in Chicago as they performed Holst's Winter Suite. Following that performance, I was honored and thankful for Ms. Zoffuto to offer the suggestion and commission of a work honoring the life and creativity of Ralph Vaughan Williams in a similar fashion. WASSAIL is the first of three movements in fulfillment of her musical vision.

I hope that you and the band enjoy WASSAIL and find it to be a valued addition to your concert program at any time throughout the year. Best wishes for a wonderful performance!
