NOTES TO THE CONDUCTOR

The secret to success in performing this arrangement is to keep the vocal or solo instruments "in front" of the accompaniment. Although the arrangement is written to provide a quiet background, you may elect to delete some players if the ensemble is a large one. The voice part is written as it appeared in the original publication, but the vocalist should feel free to phrase in his or her particular style. This arrangement can also be performed as a solo showcase for the E \flat alto saxophone or B \flat tenor saxophone. The drum set rhythm part should be loud enough to be heard by the entire ensemble.

Please note: Our band and orchestra music is now being collated by an automatic high-speed system. The enclosed parts are now sorted by page count, rather than score order. We hope this will not present any difficulty for you in distributing the parts. Thank you for your understanding.
