## Daydreaming

By Gary Fagan

*Daydreaming* is a short, lighthearted tone poem with a very simple lyrical quality reflecting a behavior most of us exhibit from time to time. The melodic theme occurred to the composer as he was sitting in his studio looking out the window and doing what the title suggests.

### Rehearsal Suggestion

It is advised that the conductor make an attempt to adhere as closely as possible to the indicated tempo and not let the piece get too slow. It should have a gentle, flowing quality that suggests relaxed movement until the final ritardando.
