a minute is a blade of grass

and at this instant

I absorb the forest

that opens and flowers
like a wild mouth that sings

green verses and upon sleeping makes the tears grow
which well nourish the garden  

of joy grow  

because the sky opens
at the hymn of a warmth,

a warmth

cielo al himno de un calor,
un calor-cito,

seee'loahl eem-noh deh oon kah-lohr

of love
